WINTER CLASS GRADUATES

Thursday was the last night of our commencement week and we certainly are sorry to have it become a thing of the past instead a bright future. Sunday, Baccalaureate night, brought to our realization for the first time the fact that it was really regretable that we should soon be G. U. H. S. students no more. On the night of our class play perhaps we realized it a little more but now, on the evening of our graduation, we endeavor not to think of it at all unless absolutely necessary. We may be post-graduates, yes,—alumni, assuredly; but Seniors—never

SOME GERMAN LIES

Have You Heard These?

That Secretary Tumulty has been executed because he was a German spy. It's a Hun lie.

That because of alleged Irish disloyalty, President Wilson had ordered all Catholics removed from public office. It's a Hun lie.

That sweaters knit by patriotic women for the Red Cross had been found on sale in New York and Chicago department stores. It's a Hun lie.

That the Government proposes to confiscate all moneys desposited in banks for war uses. It's a Hun lie.

That several troop transports on their way to France already have been sunk by submarines and many thousands of soldiers drowned—the alleged facts being suppressed by the Navy department. It's a Hun lie.

These are just a few samples of the daily output from the German lie-factory in this country. When you hear them, do your part as a patriotic American—brand it as a Hun lie—then trace the story to its source, and EFFECTUALLY SHUP UP THE PERSON'S MOUTH who disseminates these lies. When we say to effectually shut the person's mouth up we do not mean for you to merely request that he refrain from using such language, but to put his mouth in such a condition that he won't be able to use it. If you can't do it, get somebody to help you, and if you don't want to do it, at least report the facts to the California State Council of Defense at Sacramento, or to this office.

The striker in an industry and the deserter in the army in time of war are in the same class and should be dealt with alike.

EVERY CITIZEN A SOLDIER ON DUTY AT HIS HOME

Everyone must help if we are to win. The soldier must obey orders or there will be no army. The people must be one or there will be no nation. So that we win, all of us must Follow Directions.

This is Your War guide for use in Your home.

It tells you what foods we must save to provision ourselves and our allies; it tells how we can stretch our supplies so everyone will have enough—without any hurt to your health or your strength.

Your Government does not ask you to give up three square meals a day—nor even one. All it asks is that you eat less of the foods we need to keep the armies going and eat all you want of the other things that we have in plenty.

Eat plenty—keep up your strength and your vim to help win the war. You have dedicated to the Nation everything that you have; you are asked now to give up—just some hab its of the kitchen and table.

America and her Allies must not run out of Wheat, Meat, or Fats. If we let that happen, Germany will win the war.

We must save Sugar, use every drop of Milk, and—we must learn to Follow Directions.

THE GAMBLE LECTURES

Dr. Samuel Walter Gamble, a member of the National Reform Bureau, the National Sabbath Evangelist, of Long Beach, Cal. has been invited by and under the auspices of the Glendale Church Federation, is giving a series of very important lectures on "The Sabbath Question" in the Third Street School. He is an expert, knowing his subject thoroughly, convincingly, strong and best of all founded on Scripturer. Three lectures have already been given to the delight and amazement of representative audiences. He has established strong Bibical ground for his brief review of Sabbath laws from 2200 B. C. to the end of the Fourth Christian Century. He has shown that through 2600 years, nation after nation slowly learned the Bible lesson of the NECESSITY of ONE SYSTEM of SABBATH KEEPING for EVERY PERSON IN A NATION. As an eye-opener to his audiences he built up by the Bible itself the CALENDAR in reckoning time that God taught Moses, when he led Israel out of Egyptian slavery. He showed also that the weekly Sabbaths from Moses to Christ were a FIXED PLACE in the Calendar. The DAY of the SABBATH changed EVERY YEAR, and therefor that no ONE DAY was the Sabbath for over ONE YEAR at a time, during that whole age. Much to the astonishment of all, Dr. Gamble clearly proved that Christ did not obserrve SATURDAY as the SABBATH for ONE WHOLE YEAR, during his "Public Ministry."

The following program of lectures is on now:—

Feb. 3rd.

In the First Methodist Church, at a Mass Meeting of all Sunday School workers at 3 o'clock. Subject: "How **Our Lord Observed the Sabbath"**

Feb. 8th.

Third Street School at 7.30. Subj: "Objections Answered as to Calling Sunday the Sabbath."

Feb. 10th.

(Place to be announced) Sunday Afternoon, Subj.: **"The Christian Sabbath as Taught in the Old Testament Prophecies and in New Testament History."**

No admission is charged but a voluntary offering is received.

MISSION PLAY OPENS WITH NEW PLAYERS IN CAST

Inspiring in the extreme is the Mission Play, by John Steven McGroarty, which has opened its sixth season in its own playhouse, ideally situated in the shadow of the old mission at San Gabriel.

The story of the play is the recalling of the olden, golden days of California, covering periods from the landing of the first Spanish adventurers on the shores of San Diego Bay, through the years of the founding of the missions that extended along the King's Highway to Sonoma in the valley of the seven moons.

Daily incidents of the life around the missions is faithfully and colorfully portrayed, with native dances and songs adding to the impelling interest of the historical facts that have been incorporated in this remarkable pageant drama.

Norval MacGregor will this year be seen in the predominating role of Father Junipero Serra, founder of the missions, while Miss Rosamonde Joyzelle triumphs in the supporting character of Senora Josefa Yorba. Matinee preformances commencing at 2:15 will be presented daily, including Sundays.

KNIGHTS OF PYTHIAS PLAN HUGE RED CROSS BENEFIT

With a great afternoon street parade in which several hundred automobiles will be used, a grand ball and entertainment in the evening at Shrine Auditorium with film stars, drills and out-of-door dancing as special features the Knights of Pythias of Southern California are planning to give a mammoth Red Cross benefit such as has seldom, if ever, been undertaken in Los Angeles County before.

Already a big campaign has been launched for the sale of 75,000 tickets for the event and every Knights of Pythias lodge with its affiliated orders south of Tehachapi is boosting for the affair, many of the lodges giving free entertainments in their home cities to promote interest and the sale of tickets.

Twin City lodge is boosting for the ball and entertainment in Glendale, and a large delegation from this city is expected to attend.

PROCEEDINGS OF BOARD OF TRUSTEES

The Board of Trustees met in regular session Thursday night. All members present at roll call. The minutes of the last regular meeting were read and aproved.

A communication was read from Mr. G. W. Johnson expressing his opinion to the effect that it would be advisable for the trustees to notify citizens of the necessity of avoiding any waste in the use of water in view of the possibility of a dry season. On motion, the communication was read and ordered to be referred to the Manager of the Public Service Department.

An application was read from Wm. A. Burns for a permit to do street work by private contract on a portion of Third Street west of Columbus Avenue; the work proposed to be done to consist in part of a four foot sidewalk. The City Engineer called the attention of the Board to the fact that it had been the policy of the Board to refuse such permits for the construction of sidewalks less than five feet in width. On motion, action was deferred for one week.

Reports were received from the City Recorder and City Tax Collector, and on motion, referred to the City Attorney.

At 8:35 P. M., the hearing of the appeal against the acceptance of the work of improvement on a portion of Milford Street, was taken up. The Clerk read a protest filed January 3rd signed by Lillian J. Empey and eight other property owners. The attorney for the protestants addressed the Board and called upon Mr. Gronin for his testimony as to the work. Mrs. Empey, Mrs. Johnson and others testified of their personal observation of the work as it was in progress. The City Engineer made a statement in reference to the contract specifications, quality of rock, etc. The Chairman of the Board expressed his belief that the work would stand up satisfactorily and in the long run prove acceptable to the property owners. The discussion closed at 10:30 P. M. and Trustee Woodberry made a motion, which was seconded by Trustee Muhleman, that the appeal be denied. The motion was adopted.

Mr. W. B. Kirk filed a communication and addressed the Board in the interest of an organization having for its object the cleaning up and the cultivation of the vacant lots of the City. The matter was, on motion of Trustee Muhleman, referred to the Committee of the Whole.

The City Clerk called attention to the necessity for a change in the ordinance governing the filing of demands against the City, and on motion of Trustee Muhleman, the matter was referred to the City Attorney.

At this time the applicant for a permit to do work by private contract, action on which had been deferred, came in with an amended application changing the description of sidewalk from four to five feet and the permit asked for in the amended application, was, on motion of Trustee Woodberry, granted.

The City Manager called the attention of the Board to the desirability of having a change made in the tracks of the Glendale and Montrose Railroad Company at the corner of Glendale

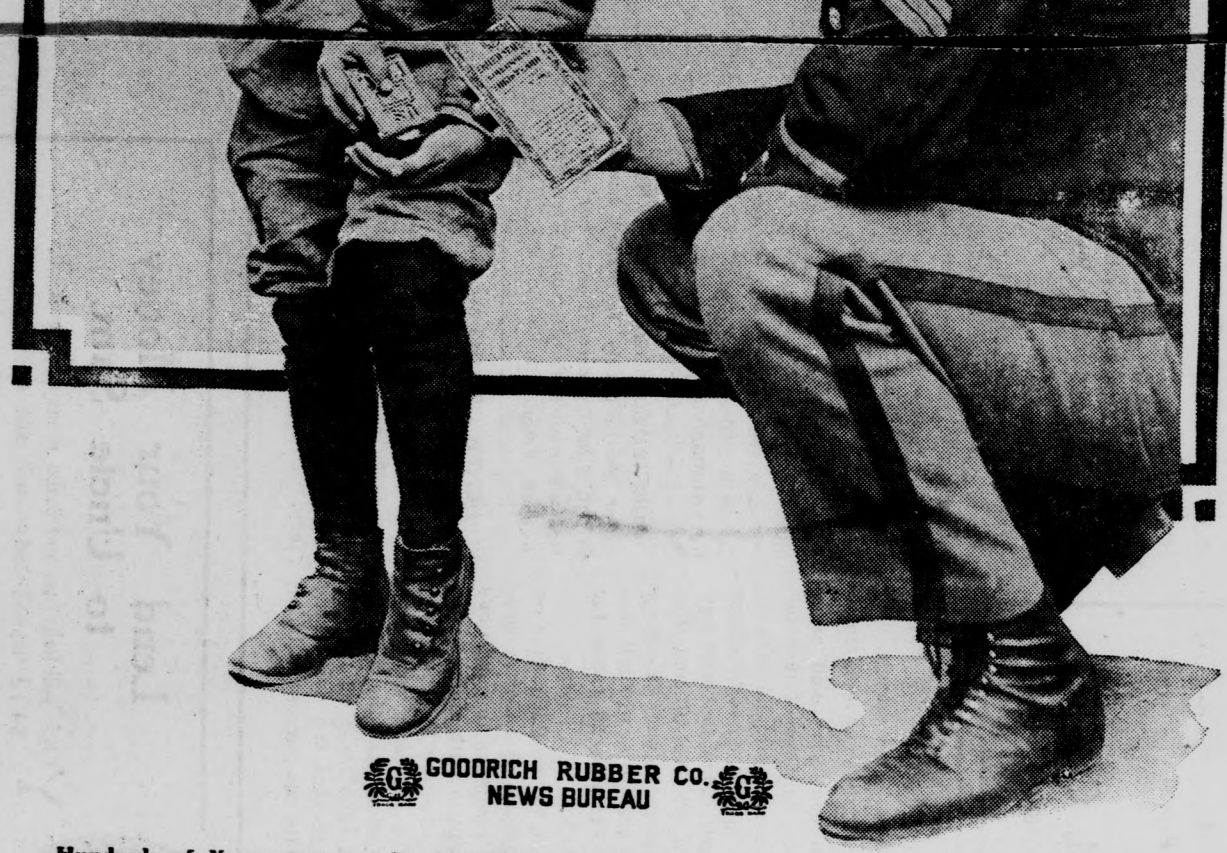
MARINES HELP THRIFT STAMP SALE



Hundreds of Youngsters are Lending Their Quarters to Uncle Sam by means of the Thrift Stamp.
U. S. Marines Active in War Savings Campaign.

Have you bought your Thrift Stamp yet?

If you haven't, look out, or the Marines 'll get you.

The "First to Fight" men are enthusiastically lending every aid to interpret the message of Thrift.

American people have been notoriously wasteful. Thrift Stamps will save hundreds of millions of dollars that would otherwise have gone for little luxuries and non-essentials

A loan of 25c by every person in the nation will provide the Government with $25,000,000. With many filling book after book of the little symbols of sacrifice and patriotism, it can be readily seen what an immense stream of wealth will thus flow in for the successful prosecution of the war Unlike the Liberty Bond, the sale season of the Thrift Stamp is perpetual providing a constant source of income for Uncle Sam.

Thrift Stamps are of 25c denomination They are kept pasted on a card until sixteen or $4.00 worth have been saved. These, together with a few odd cents, are exchangeable for a War Savings Certificate. The Certificate bears compound interest, and is redeemable January 1, 1923 for $5.00

Every citizen who cannot bear a gun should practice thrift and invest his savings in Thrift Stamps, while for the young man eager to carry the arms of his country, no more desirable opportunity presents itself than the Marine Corps.

Avenue and Broadway, and on motion, the matter was referred to the City Manager for action.

Trustee Woodberry made a report in regard to the vacation and abandonment of a portion of Colorado Street, stating that he had seen Mrs. Griswold, the property owner in whose interest it was proposed to take the proceedings, and that she had agreed to bear the expense of same. In this connection, the City Engineer presented a resolution.

The Manager of the Public Service Department reported that the contract with the Gas Company has expired and recommended that a new contract be entered into for supplying the pumping plant with natural gas. On motion of Trustee Jackson, the recommendation was adopted and the proper officers instructed to sign the proposed contract.

The City Attorney reported on the bond of the Street Superintendent, to the effect that it was satisfactory, and on motion of Trustee Grist, the bond was accepted.

The City Attorney reported that he had filed a petition with the Railroad Commission for the appraisement of the property of the Southern California Gas Company, and had received a reply, stating that the matter would have the proper attention. With reference to the complaint against Mr. H. B. Woodill, he stated that the Health Officer, the Chairman of the Public Works Committee and himself had been in Verdugo Canyon several times examining into contitions, and as a result a warrant had been issued for Mr. Woodill's arrest and he was to appear before the Recorder's Court Wednesday next. They had also had a meeting with Mr. Woodill and that gentleman's attorney, and an agreement had been arrived at which it was hoped would eliminate all cause for complaint.

The Chairman of the Committee on Public Works presented a written communication in reference to conditions in Verdugo Canyon with reference to the streets as affecting the conditions surrounding the domestic water supply, recommending that the City of Glendale take such steps as may be necessary to prevent the use of the cienega lands for the purpose of building residences thereon. On motion of Trustee Muhleman, the communication was referred to the Committee of the whole to be taken up with the City Attorney.

TROPICO BOY SCOUTS DOING THEIR BIT AS DISPATCH BEARERS

Last week the Boy Scouts of Tropico were busy getting signatures of patriotic men and women who would agree to read pamphlets on the war prepared by the Committee on Public Information, which would be delivered to them by the Scouts as they are issued. This is in compliance with the request of the President that the Boy Scouts act as dispatch bearers, and the Boy Scouts of America, numbering nearly 300,000, have responded to the request of the President with hearty unanimity and undertook as their first dispatch-bearing service, a distribution of 5,000,000 copies of the President's Flag Day address, published by the Committee on Public Information in pamphlet form on September 15, 1917, and regarded as the most comprehensive statement that has been issued by the Government in regard to the fundamental issues of the war.

The Boy Scouts, acting as dispatch bearers directly under command of the President, will place the document in the hands of 5,000,000 citizens of every city, town and hamlet of the country, with specific instructions that its contents be carefully considered and that the reader then make it his personal responsibility to see that at least one other citizen of the community also reads the copy.

EPIGRHYMES:

Thar goes ol' Banker Worthington; you'll see 'em tip their hats, **FOR** folks jest love the sight **OF** John's Prince Albert coat an' spats. It makes no difference at **ALL** ef he is feelin' **SAD**, his cheery **WORDS:** "Good mornin', Friends," jest makes a feller glad. Why, even 'Smanthy said **OF** him—an' 'Smanthy's **TONGUE** ain't weak—"I bet ol' John's the feller put thet little 'Me' in 'Meek.'" But don't ye git a-thinkin' John ain't manly; he kin tell, **OR** write a cuss, with burnin' **PEN**, jest givin' him plain hell. **THE SADDEST** thought in ol' John's life, I honestly believes, is that he cannot give as much, each day, as he receives! But these **ARE** not the things thet makes me envy Banker John; not **THESE**, an' not his riches are the things I dwells upon! But I look back to Sixty-One, when John an' me was boys a-growin' into manhood, when all life was full o' joys; an' then I hears agin the call to men—young men—to fight—both North an' South fit honest fer the things they thought was right. Ol' John, he jined! Fer fifty year, from thet thar duty-root has growed his Tree o' Happiness! I sent a substitoot! Fer fifty year I've had regrets—remorse, all black, like Sin; with Whittier, I've wept the words, Ol' man, **"'IT MIGHT HAVE BEEN!'"**

The Baccalaureate Sermon was given last Sunday night in the High School Auditorium to the Mid-Year graduation class by Dr. Julius Soper, the father of Miss Soper, who has been the class teacher during the whole four years. The program opened with a number by the orchestra. This was followed by a song which was very beautifully rendered by the combined Glee Clubs, both of which gave great credit to the faithfulness of their instructor, Mrs. Gibson. The Auditorium had been very artistically decorated by the Sophomore Class with blue and gold flowers and an abundance of ferns. At the close of the program the class went home feeling greatly inspired by this splendid sermon and ready to meet their positions in later life.

The program last Tuesday night was opened with an overture by the orchestra. The way in which the orchestra played testifies long training on the part of its members and hard work on the part of Miss Gibson. "Six and One Make Seven", by Carolyn Foss and Louise Storer and delivered by Augusta Wallis was next on the program. Also Augusta Wallis delivered the class will in which the class was very generous. The class prophecy by Harriet Williams and delivered by Leone Shattuck was next in line. It prophesied some very unusual futures for the members of the class. Though feeling sorry for Harriet Williams, we congratulate Vern Nyman upon his great invention. The orchestra then continued the program with a short well played selection. Then came the most important thing of the evening,, "Miss Molly". Reginald Peters and Cissie Saunders taken by Vern Nyman and Harriet Williams were the best members of the cast although all were exceptionally fine. "La Czarine" by the orchestra closed the evening and all went home, hoping that the next class play will be as good.

—Harriet Williams

Reminds us to be dutiful.
